Supplementary information

With the summer holiday season over and some cruise ships canceled due to typhoons, the number of paying customers is leveling off. The average purchase per customer reflects the ongoing shift in shopping behavior of foreign tourists visiting Japan from consumption of goods to consumption of experiences as well as seasonal influences.

With Sapporo Tanukikoji Store and Osaka Dotonbori Store newly opened on September 25th and October 1st respectively, we are prepared to wait on customers visiting Japan during the Anniversary of the Founding of the People's Republic of China with further extended services.
