## Number of paying customers

## Inbound Topics

- 2,682 thousand foreign tourists visited Japan in July, a year-on-year increase of 116.8%, and a record for the month, while the number of Chinese visitors to the country was 781 thousand, a year-on-year increase of 106.8%. ※Data published by Japan National Tourist Organization (JNTO)
- According to Consumption Trend Survey for Foreigners Visiting Japan published by Japan Tourism Agency in July, the total amount spent by foreign tourists to Japan from January through June this year exceeded 2 trillion yen, for the first time ever for the first half of a year. Total expenditure per foreign tourist from April to June dropped 6.7% from a year earlier, but those from Korea, China, UK and other countries spent more than they did in the same period in 2016.

## Laox's Measures

- New stores opened before the summer cruise ship season in Kyushu & Okinawa area

Ahead of summer when most cruise ships come to Japan, and in the Kyushu area that attracts most of them in Japan, we opened two new stores – Lara Town Dazaifu Store in Fukuoka, which is the second largest of all the Laox Kyushu stores, and Miyakojima Store in Okinawa, our first store on a remote island.

- Loyalty membership over 100,000

The membership of Laox's loyalty point program, which started in March 2017 based on our official account on WeChat, exceeded 100,000 people in July. The objective of the scheme is acquiring new customers through word of mouth as well as attracting frequent customers to our international EC business by regularly providing information on our bargain sales, products, and Japanese tourism.

## Supplementary information

Now that the summer tourism season is in full swing, the number of paying customers in July showed a substantial increase of 29.9 % from June and grew by 1.4% from July 2016, the first monthly year-on-year growth in 5 months. With cruise ship travelers to Japan on the rise, our existing stores in the Kyushu area, as well as the new LaRa Town Dazaifu store, which opened on July 19th, have greatly contributed to the upturn. We will further maximize our sales during the summer season by actively providing tourism information to FIT and improving overall customer service. There is much room to improve the operation of Chiba Port Town, which opened on July 1st, although the facility is receiving very high customer traffic from nearby residential areas. We will refine the store management based on the customer feedback.
