

Entertainment Facility “Chiba Port Theater” Opens!
Non-verbal performance, First in Japan, First in the world
-GEAR-, the talk of the town in Kyoto, comes to Kanto on Dec. 22nd (Fri)

Laox Co., Ltd. (headquartered in Minato Ward, Tokyo/Representative Director and President LuoYiwen/security code 8202, hereinafter referred to as “we”) will open Chiba Port Square Chiba Port Theater on December 22nd (Friday), 2017.

We opened Chiba Port Town in July 2017 to achieve the goal of invigorating both the inbound market and Chiba’s local economy and integrating so called “consumption of goods” and “consumption of experience”. As the inaugural show at Chiba Port Theater, newly opened in an entertainment facility adjacent to Chiba Port Town, -GEAR- East Version, a rendition of -GEAR-, the talk of the town in Kyoto, will be performed for the first time in the Kanto region. It is a non-verbal performance that doesn’t depend on spoken words, so even foreign spectators or little children who don’t know a single word of Japanese can enjoy the show. -GEAR- marked its 5th anniversary in April 2017 and attracted more than 140 thousand spectators by July 2017 even though performed in a small theater with just 100 seats. -GEAR- celebrated its 2000th performance in October 2017. One of the show’s strengths is its state-of-the-art staging technology such as projection mapping, image projection with laser beams of up to 16 million colors, and LED-adorned dresses that change colors by remote control. -GEAR- East Version will feature a break dancer who holds Guinness world record and a juggler who has won a world juggling tournament.

-Gear - has so far been performed only in Kyoto. By moving it to Chiba Port Theater within Chiba Port Square we would like to introduce this truly unique, unparalleled performing art to not only local residents in Chiba but also people around the Kanto plain and people around the world. It is part of our broader effort to offer excellent Japanese goods and experience to our customers both from Japan and abroad.
