

Giant Stadium - Riverwalk Basement Kids' Kingdom – Opens!

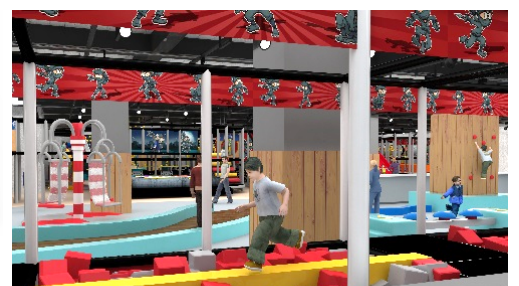

~One of the biggest indoor theme parks in Kyushu opens in Riverwalk Kitakyushu~

Laox SCD Co., Ltd., a group company of Laox Co., Ltd. (hereinafter referred to as “we”), opens Giant Stadium - Riverwalk Basement Kids' Kingdom –, an indoor theme park, on June 29 (Saturday).

Giant Stadium - Riverwalk Basement Kids' Kingdom – is located in the first basement of Riverwalk Kitakyushu, a large-scale commercial complex in Kokura, Kitakyushu, Fukuoka. It is one of the largest among such facilities for children in Kyushu with a total area 7,936.5 m². The amusement park consists of three areas; Soft & Bouncy Park, Ninja Park, and Dinosaur Café under the common theme of “time travel”. In Soft & Bouncy Park, which is designed in a futuristic style, children can ride on all kinds of giant inflatable play equipment. In Ninja Park, which recreates the atmosphere of the samurai era Japan, children get to become ninja and enjoy athletic activities to the full. In Dinosaur Café, inhabited with Jurassic Era monsters, visitors can enjoy shopping special goods only available at the site as well as eating and drinking. Adults can relax in massage chairs or a rest space. Giant Stadium - Riverwalk Basement Kids' Kingdom – is a theme park where families with children can enjoy themselves all day long.

To mark the opening of the theme park, we will offer a special discount on admission fees and SNS-linked lucky draw. We are also planning a variety of activities after the opening, including local vegetable fairs and so called “idol events”.

We will hold a grand opening ceremony on July 19 (Friday) inviting local celebrities and dignitaries. Giant Stadium - Riverwalk Basement Kids' Kingdom – will strive to contribute to energizing the region in collaboration with local governments and corporations as an amusement facility that entertains both foreign tourists and local families.
